## TAVOLI - TABLES

## ARMADI - CUPBOARDS

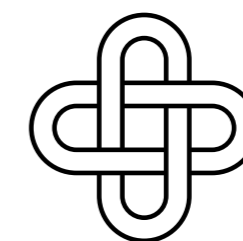

### Armonia ed Eleganza

La serie CLASS mantiene l'alta manifattura che contraddistingue i prodotti ORA, attraverso l'impiego di materiali di qualità. La preziosità della collezione è evidenziata dall'attenzione per i particolari dando vita ad un mix di equilibrio e raffinatezza, in piena armonia con le sue forme ricercate ma al tempo stesso funzionali. La sua originalità risiede nelle nuove strutture in alluminio nel suo fianco sagomato e nella paratia rivestita in cuoio sospesa tra la struttura. Ampliata la gamma delle finiture in legno.

### Harmony and Elegance

The CLASS series maintains the high craftsmanship that distinguishes ORA products, through the use of quality materials. The preciousness of the collection is highlighted by the attention to detail, creating a mix of balance and refinement, in full harmony with its sought-after but at the same time functional forms. Its originality lies in the new aluminum structures in its shaped side and in the bulkhead covered in leather suspended between the structure. Extended range of wood finishes.
